Skills

Languages: Python, C, C++, Java
Frameworks: HTML and CSS,
Tools/Platforms: MySQL, Power BI
Soft Skills: Problem-Solving, Team Player, Leadership, Adaptability

Projects

Student Mental Health Insights Dashboard | GitHub Link June – July 2025

- Designed dynamic visualizations including bar charts, line charts, scatter plots, donut charts, and KPI cards to highlight insights across gender, course, credit load, and residence type.
- Implemented slicers and filters (Gender, Course, Relationship Status) for a fully interactive, user-driven analysis experience.
- Performed data cleaning, transformation, and DAX-based calculations to derive metrics such as average stress level, counseling frequency, and depression trends.
- **Tech**: Power BI, DAX, Data Modelling, ETL, Excel/CSV Dataset.

Fundraiser Planner - Full-Stack Website | GitHub Link | Live Link April – May 2024

- Built a full-stack Fundraiser Planner web application using Node.js for the backend and Firebase for cloud services, with a focus on reliability and real-time updates.
- Implemented user authentication and authorization using Firebase Auth and managed campaign data with Firebase Firestore/Realtime Database.
- Developed a responsive front-end that allows users to create, manage, and track fundraising campaigns and donor contributions.
- Deployed the app and integrated Firebase hosting/cloud functions for serverless backend tasks and real-time notifications.
- **Tech**: Node.js, Express, Firebase (Auth, Firestore, Hosting, Cloud Functions), HTML, CSS, JavaScript

Car Price Analysis & Visualization| GitHub Link April – May 2024

- Built an interactive Student Mental Health Analytics Dashboard in Power BI to analyze stress, depression, academic load, and counseling patterns.
- Designed dynamic visuals (bar charts, line charts, donut charts) with slicers for gender, course, and credit load.
- Cleaned and transformed data; created DAX measures for stress averages, risk levels, and behavioral trends.
- Helped identify high-risk student segments through insight-driven analysis.
- **Tech**: DAX, Data Modeling, ETL, Excel/CSV, Jupyter Notebook.

Certificates

- Cloud Computing – NPTL October 2025

Education

Lovely Professional University Punjab, India
Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.3*** *Since August 2023*

Indira Gnadhi Pre. Jr. Collage Gobhani, Maharashtra
Intermediate; ***Percentage: 90*** *April 2020 - March 2022*

Podar International School Parbhani, Maharashtra
Matriculation; ***Percentage: 84*** *April 2019 - March 2020*
